Subject: Draft Integrated Feasibility Report/Environmental Assessment for Oakland Harbor Turning Basins Widening Navigation Study
Attachments: Notice of Oakland Harbor Turning Basins Widening Study IFR- NEPA EA and Public Comment Period.pdf

Dear Interested Parties,

The U.S. Army Corps of Engineers San Francisco District (USACE), in collaboration with the Port of Oakland as our non-federal sponsor, have prepared a draft integrated Feasibility Report and National Environmental Policy Act (NEPA) Environmental Assessment (IFR/EA) as well as a draft Finding of No Significant Impact (FONSI) for the proposed Oakland Harbor Turning Basins Widening Navigation Study in Oakland, California.

With the attached letter, we are announcing the availability of this draft IFR/EA and FONSI for public review and comment. We appreciate your review and welcome your feedback.

The draft IFR/EA can be accessed by navigating your web browser to the website below and clicking on the "Oakland Harbor Turning Basins Widening Navigation Study - Draft Integrated Feasibility Report and Environmental Assessment [PDF]" title in the center of the page to open the report document. The associated appendices can be accessed by clicking on their respective titles listed immediately below the title of the main report on the following website.

Please note, the comment period will extend from December 20, 2021 - January 31, 2022.

The Port of Oakland and USACE will hold a virtual public meeting in January. Notice of the meeting date and time will be sent in the near future. We look forward to discussing the project with interested parties virtually.

Thank you!
